8

### Lessons from Titus 2:

1. Our behavior can either make the gospel more attractive to the world, or it can dishonor God's Word.
2. The Bible gives practical guidance for all ages, all genders, and all social statuses.
3. God has given women an important role to fulfill. Don't let the world's values draw you away from that role.
4. God's grace appeared in the ***past*** to bring us salvation (2:11), God's grace instructs us to live soberly, righteously and justly in this ***present*** world (2:12), and God's grace gives us the blessed hope for the appearing of our Lord Jesus in the ***future*** (2:13).
